

Art. 3882 Contrapeso para interruptor de nivel horizontal **Art. 3882 Counterweight for horizontal floating switch**

Características

- 1- Montable en los interruptores de nivel para el control de las bombas eléctricas
- 2- La longitud del cable a partir del contrapeso permite el ajuste del diferencial de niveles del fluido a controlar

Features

- 1- Mountable in the switches of level for the control of the electrical pumps
- 2- The level differential is obtained by adjusting the counterweight position along the cable
